# Barnwood Wood Chip

## **Description & Process:**

**Feed Stock:** Clean unpainted, untreated dimensional lumber

**Particle Size:** Material is ground to 2" and screened at 3/8" for overs

**Color:** Product is colored using Amerimulch water based colorant, Ultra Triple Colorant is made of fine particles (between .1 and 1.0) micron with extremely high density. Low VOC. Colorant is safe for humans and animals.

**Texture:** 2"-3/8" wood chips

## **Additional information:**

Barnwood Wood Chip is Vision Recycling's 2"-3/8" Golden Blend red chip in a reddish/barn wood color. Use this to add a solid and modern backdrop to landscapes. Use for pathways, sitting areas and landscapes. Barnwood Wood Chip helps conserve water, prevent soil compaction and overheating, and suppresses weeds. The wood chips are generally between 2" and 3/8" in size with occasional pieces reaching 3".
