# Mahogany Wood Chip

## Description & Process:

**Feed Stock:** Clean unpainted, untreated dimensional lumber

**Particle Size:** Material is ground to 2" and screened at 3/8" for overs

**Color:** Product is colored using Amerimulch water based Brown colorant. Colorant is made of fine particles (between .1 and 1.0) micron with extremely high density. Low VOC. Colorant is safe for humans and animals.

**Texture:** 2"-3/8" wood chips

## **Additional information:**

Mahogany Wood Chip is Vision Recycling's 2"-3/8" Golden Blend wood chip in a rich brown color. Use Mahogany Wood Chip to add a solid and natural looking earth tone backdrop to landscapes. Use for pathways, sitting areas and landscapes. Mahogany Wood Chip helps conserve water, prevent soil compaction and overheating, and suppresses weeds. The wood chips are generally between 2" and 3/8" in size with occasional pieces reaching 3".
